Volume VI Issue 12

October 1, 2009

Welcome Back, Maggie!

It's always exciting to hear all about the year our outgoing Rotary Exchange Students have had. And today, we'll hear first-hand from Maggie Gross as she tells us everything . . . Well,

almost everything!

We're pretty sure Elvis has already left the building along with the Hula Boys, so he

won't be at our fantastic "Night in Monte Carlo" October 17th....BUT, you'll get to buy your gaming chips and drinks (shaken, not stirred) from gorgeous Bond Girls.....!!!

FOUNDATION DINNER NOVEMBER 14TH

This is an evening of great food, entertaining speakers, and good fellowship. Not to be missed! It's held at the Doubletree Inn in Rohnert Park...To make your reservation, see **Philippe Therene** or sign up on District 5130 website.

Here's a group of Live Auction winners having a great time at their dinner from last year's exciting gala event.... You could be in this picture!

"A Night in Monte Carlo" . . . Committee Meeting

Only **two weeks** until the Big Night! This event is not just a party or get-together, it's our Club's major fund raising event for the entire year. So, every Rotarian is important to its success.

If you haven't already purchased your tickets, be sure to do so today. Just tell **Edie Parker** how many you want. The cut-off date is fast approaching.

The planning meeting is tonight, 7 p.m., at the Calistoga Spa. It's important that all involved in the planning be there if at all possible.
